

# Maykon Willian Rodrigues da Silva

Developer

## 👤 Profile

Fascinated by electronics since I was young, my journey as a programmer began at 17 years old. Using React, Typescript, and GraphQL, I explored projects for fun and learning. In 2020, I committed to programming, moving from an internship to junior developer. With a desire to continue learning, I constantly seek new technologies for professional and personal growth.

## 💼 Employment History

### Junior Developer at ACCT Global by Quality, São Paulo

June 2022 — December 2023
